

## Geography Vision Map

### Year 3 – Man-made resources of the world (Landmarks)

#### **Crucial Knowledge**

- Man-made is something that is made by a human.
- Humans have created things that have changed the land.
- A landmark is a place or an object that is easily seen or known.
- A 'World Heritage Site' is a landmark that is so important to the world, it needs protecting.
- Stonehenge is a World Heritage Site in England.
- The Taj Mahal is a famous landmark and World Heritage Site in India.

#### **Intent**

- Recap – The UK and London (Year 2)
- Human impact on the land
- Man-made creations to the land: canals, dams, bridges and roads
- Local man-made landmarks: Apedale (mining to a park)
- UK man-made landmarks
- World man-made landmarks
- Man-made landmarks that are World Heritage Sites
- Recognise and locate Man-made World Heritage Sites
- Location and build of Stonehenge and The Taj Mahal
- Reflection: impact of man-made landmarks

*Use of world maps, grid references and four-point compass directions throughout this learning.*
